

Dashboard

Header

Firefly-III has a ever-present header that displays a couple of things:

1. Open an close the side menu with the hamburger button
2. Access help for current page
3. User details
4. "Create New Stuff" button (withdraw, deposit, transfer, etc.)

Dashboard Display

The dashboard is a pleasant mix of appropriate graphs, charts, and lists, with buttons to go to the detail page view, or to create entries where appropriate.

Across the top is a banner of several key statistics, such as your Balance, Bills to Pay, what you have Left to Spend, and your Net Worth. This provides a good at-a-glance overview of your financial health.
