

Overview

Firefly III is a way to track and manage personal finances. It can help you keep track of your expenses and income, so you can spend less and save more.

High-Level Overview

Firefly III can do the following:

- You can create and edit transactions, accounts, and give them budgets, categories and tags
- You can automate part of this with recurring transactions and auto-budgets
- You can keep track of liabilities

Features

- Double Entry Accounting
- Ability to manage different types of accounts
- Budgets
- Piggy Banks
- Predict and Anticipate Bills

Missing Features

- No Stock/Portfolio Management, See [Portfolio Performance](#)
- No Business Finances, small business accounting, or payroll management
- No automated imports from [your bank here]
- No advanced accounting and asset management
- No predicting, forecasting or future planning

Firefly III's Method of Personal Finance

Firefly III has been built around how I manage my finances. Please read this carefully so w
