

OnlyOffice

ONLYOFFICE connector allows you to view, edit and collaborate on text documents, spreadsheets and presentations within Nextcloud using ONLYOFFICE Docs. This will create a new Edit in ONLYOFFICE action within the document library for Office documents. This allows multiple users to co-author documents in real time from the familiar web interface and save the changes back to your file storage.

Check out the project [here](#) for more information!

The screenshot displays the ONLYOFFICE Spreadsheet application. The interface includes a top menu bar with options like File, Home, Insert, Layout, Formula, and Data. Below the menu is a ribbon with various formatting tools. The main workspace shows a spreadsheet with columns A through N and rows 1 through 27. The data in the spreadsheet is as follows:

	A	B	C	D	E	F	G	H	I	J	K	L	M	N
1	Test	Spreadsheet												
2		1	2											
3		2	3											
4		3	4

27														

The right-hand sidebar contains formatting options for the selected cell (B2). The 'Fill' section is set to 'No Fill'. The 'Borders Style' section shows a solid black border. The 'Text Orientation' section is set to 'Angle 0°'. The 'Text Control' section has 'Wrap text' and 'Shrink to fit' options, both of which are unchecked.
